More than just passwords

Fill complex, multi-field forms and sign users in with one click. The daily-use advantage that drives adoption.

All features included

SSO, SCIM, role-based access, custom policies, audit logs, dark web monitoring, and an account manager.

25+ years, no breaches

RoboForm has protected logins since 1999 with no known breach of its vaults. A low-risk choice for security-conscious buyers.

Every security protocol

Passwordless unlock (Windows Hello, Touch ID, passkeys, security keys) plus an included Family plan for every employee.
